

**ROCK ISLAND**  
**Moline, Il., USA**  
**30 April – 2 May**

Rock Island Auctions has yet another bumper crop of guns for sale in their next auction this Spring, including a variety of 'curio guns' such as palm pistols and a mind-boggling number of derringers and Colts. As they say themselves, a firearms auction would not be complete without Winchesters, and they've got 'em: over 400 Winchesters, outstanding lever actions from 1866-1895 plus excellent Model 21's and sporting rifles, such as Model 70's will be put under the hammer. They're also offering an array of European percussion and flintlock firearms, including a magnificent cased percussion pistol by Gastinne of Paris estimated at \$20,000 – 30,000 and a pair

of Daniel Ross Scottish full metal flintlock pistols at \$10,000 – 14,000. This auction will also feature German, Japanese and European military arms from early trapdoors to WWI and WWII sniper rifles, edged weapons and semi-automatic pistols. Also included is a fine collection of swords including presentation swords.
